Are you interested in a numerus fixus programme with selection?

Check the step-by-step plan!

1. Admission conditions
   Check the admission conditions on the institution’s website.

2. DigID
   For students who are already living in the Netherlands: arrange your DigID (Digital Identity) in good time via www.digid.nl, because your request will take a couple of days to process. If you do not live in the Netherlands, you can log in without a DigID.

3. Have you already taken part in a draw procedure?
   Check your selection attempts used via www.studielink.nl.

4. Application
   Apply for your study programme via www.studielink.nl. (By 15 January at the latest.)

5. Selection
   If there are more applications than places, you will have to take part in the institution’s selection procedure.

6. Result known!
   You will receive your ranking number via Studielink. (On 15 April)

7. A place after all
   There is a chance that you may still be offered a place if another student refuses/does not accept his place. In that case you will receive an email to that effect.

8. Study choice activity
   If you did not participate in a selection procedure (because there were fewer applications than places), or if you have applied for a study programme without a numerus fixus, you will be entitled to a study choice activity.

9. Student finance and student travel product
   Check via www.duo.nl whether you are entitled to student finance and a student travel product.

10. Start
    Start your study programme.

1 May application deadline
    The 1 May application deadline does not apply to students who have applied for a numerus fixus programme before 15 January. However, it does apply to students who are applying for the first time.

If you would like to find out everything there is to know about selection, please visit www.studyinholland.nl.
